The Bryant Medals of Excellence are awarded every year at the Bryant Dealer Rally in Indianapolis to recognize the top 15 dealers who distinguish their businesses through outstanding customer service, sales and loyalty to the Bryant brand. The award reflects their business acumen and ability to deliver value for their customers and for Bryant.

"Bryant dealers continue to set the standard as some of the most professional and technically proficient in our industry," said Matthew Pine, vice president, marketing, Bryant. "Our Medal of Excellence winners truly set themselves apart and are the very best of our esteemed group of dealers. Hohler Furnace & Sheet Metal provides an ideal example to

our entire network of Bryant dealers of how to take care of customers, run a successful business and always do whatever it takes.”

Hohler Furnace & Sheet Metal is a family owned and operated full service heating, cooling and sheet metal fabricating company serving both residential and commercial customers in Northern Ohio.

Originally founded as the Mertz Manufacturing Company in 1860, the company was purchased by Franklin Hohler in 1929 and became Hohler Furnace & Sheet Metal. With over 88 years in business it has truly been a family affair. Franklin operated the business and employed his brothers George, Leo and Paul through the years until his son Richard took charge after college and service in the United States Navy. Richard ran the business with his uncle, Paul Hohler until 1983. Richard's sons, Frank and Rich, took over the business and ran it together until Frank retired in 2015 and Rich took over as sole proprietor.
